Pupils are requested to bring such of the text books as they may have, also to supply themselves with Webster's or Worcester's Dictionary; some work to aid in the study of the Bible, and some of the standard poets.

## Location.

Almira College is located in Greenville, the county seat of Bond County, Illinois, equally distant from the Ohio and Mississippi Railroad at Carlyle; the Illinois Central at Vandalia; and the St. Louis, Alton and Terre Haute, at Hillsboro.

It is connected with Carlyle by daily Stages, and with Vandalia by tri-weekly; also with Litchfield, on the St. Louis and Terre Haute, by stage twice a week.

It is on the direct route of the St. Louis and Terre Haute Railroad now in process of construction, and which will soon be completed.

The College grounds are beautifully situated, immediately east of town, commanding a delightful and extensive view of the surrounding country.

## Accommodations.

---

The building is of brick, and is now entirely finished. It is 144 feet in length and 44 feet in width. It is four stories high, including the basement. The basement contains the dining-room, kitchen, laundry, and recitation rooms.

The second story contains a double parlor, library and music rooms, a room for drawing and painting, and family rooms.

The third and fourth stories contain fifty rooms for young ladies. Each room has a convenient closet, and is furnished with stove, bedstead, mattress, chairs, table, wash-stand, bowl and pitcher. Bedding and other articles needed are furnished by the young ladies. They are also requested to provide themselves with a fork and teaspoon, table napkins, umbrella and overshoes. Every article should be distinctly marked with the owner's name.

---

---

## Exercise, etc.

---

Advantages for exercise and recreation in the open air, are furnished by the college grounds, and under certain restrictions, by walks in the vicinity.

Dr. Dio Lewis's system of gymnastics has been recently introduced into the institution, and has thus far proved a valuable means of preserving the health and promoting the physical culture of the young ladies.

The gymnastic costume consists of a short dress extending down to within ten or fifteen inches from the floor, according to the height of the wearer, with a loosely-fitting Garibaldi waist and Turkish pants. The suit may be made of black merino or alpaca, trimmed four or five inches from the bottom of the skirt, with rows of scarlet worsted braid; waist and sleeves trimmed with the same. A cap of the same material as the dress, finished with cord and tassel, complete the costume.

Each young lady is charged with the care of her own room every alternate week.

Each young lady will be required in turn to sweep and dust the recitation rooms.

---

---

## Regulations.

---

Pupils are especially requested to be present at the commencement of the college year. Perfect punctuality throughout the year is desired, as it is impossible to attain thorough scholarship without it.

Rooms can not be reserved for those who are not present at the opening of the term.

Rules in regard to study, visiting, and deportment, are drawn up by the teachers, and furnished to each young lady; with these she is expected implicitly to comply.

## Terms, Vacations, Anniversary, etc.

The collegiate year consists of forty weeks, or four terms of ten weeks each. The first commencing on the second Wednesday of September, and the last closing the day of the Anniversary, which occurs the Wednesday before the Third Thursday in June.

The examination of classes this year will take place on Monday and Tuesday, June 17th and 18th.

The Anniversary exercises will be held Wednesday, June 19th, commencing at 10 o'clock, A. M.

The Anniversary will be succeeded by a vacation of twelve weeks.

The design of the founders of this Institution was to establish a seminary for the education of young ladies that should compare favorably with any in the country. While they rejoice at the success that has already attended their efforts, they are well aware that much remains yet to be done.

They are anxious to secure additions to the Library and Cabinet, also a Philosophical, Chemical, and Astronomical Apparatus. A new building is also much needed for chapel, lectures, and anniversary exercises. It is hoped these advantages will soon be possessed.

### NOTICE TO APPLICANTS.

Those desiring to enter the Institution the ensuing term should make application as early as possible to S. MORSE, TREASURER, GREENVILLE, ILLINOIS.

### THE ANNUAL MEETING

Of the Board of Trustees will take place at the College, on the afternoon of the day of the Anniversary.

The next session will commence Wednesday, September 11th.
